

quickguide

Set up Stitches (on back)

1. **FRONT:** Away from Loops, Slip OFF Needle
2. **FRONT:** Toward Loops, Keep ON Needle
3. **BACK:** Toward Loops, Slip OFF Needle
4. **BACK:** Away from Loops, Keep ON Needle

**Looming
Kitchener
Stitch**

Set Up

Divide live loops into 2 equal sides. Place evenly onto 2 knitting needles held parallel to one another, with right side of knitting facing out.

Insert yarn needle into the first loop on the needle closest to you (**FRONT**), pulling the needle in the direction **TOWARD** the knitting.

Insert the yarn needle into the first loop on the needle farthest from you (**BACK**) pulling the needle in the direction **AWAY** from the knitting.

Proceed to Steps 1-4

NOTE: make sure to pull your stitching around the front of the needles, rather than over the top of the needles throughout! This makes a clean, nearly invisible graft.
